The Head

Human Resource Department

XYZ software company

321 Employment Avenue

Amsterdam, Netherlands

Subject: Application for the position of senior Software Engineer.

Dear Ms. Rehana ,

As a highly skilled project manager with 5 years of experience, I am writing to express my interest in the project manager position at your company. My experience aligns well, as I have worked in project management for several years with a prominent retailer, and I know I would make a valuable addition to your team.

I have advanced knowledge in developing scopes, keeping project moving and so on. Also I was developing more website pages, project, templates with JS and MySQL also MongoDB. Even i know more languages. Moreover, i have experience about this side and my previous position afforded me a well-rounded skill set, including excellent relationship building and time management skills. I would much appreciate the opportunity to contribute to your ongoing growth and continued success. Please review my attached application for details regarding my expertise and achievements.

Thank you for your consideration.

Sincerely,

Sweety Akter
